

ENLIGHTENMENT, ALL AROUND

Lights

Cat Lights are high quality hand-held lighting products with leading edge technology that meets the highest professional standards.

All Cat Lights feature the latest LED technology and industrial-grade materials. With a product range spanning from flash- and spotlights to all sorts of work lights, both with and without recharge function, they all deliver efficient lighting in every imaginable situation.

We have created some of the toughest and most compact lights on the market! With a body made of either Aluminum, ABS plastic or incredibly tough rubber, Cat Lights can withstand anything you put them through. They are top quality products that are made to last!

Pictogram explanation:

- 

Powered by Batteries
The light is powered by conventional alkaline batteries. It is specified how many and what kind of batteries.
- 

Rechargeable via USB
Rechargeable by a common USB port e.g., by your normal computer USB port or your phone charger.
- 

Power Bank USB in/out
Besides rechargeable by USB port, energy can be extracted from light again e.g., like charging your phone with a power bank.
- 

Focusable Beam
The focusing feature allows the user to adjust the beam for long distance or broad area coverage
- 

Dimmable Light
The dimming feature allows the user to set the light intensity to the desired level of illumination. Lower setting prolongs run time.
- 

Magnetic Base
A strong magnetic base allows hands-free use and provides easy portability and storage.
- 

Water Resistant
The light is resistant to water, so rain and splashing water will not affect its functionality.
- 

Shock Resistant
The light casing is designed for shock resistance and can handle a drop on the floor without breaking.

CT7100

Cat LED Alkaline Neck Light,
200 lm

Lumens HIGH:	200 lm
Lumens LOW:	100 lm
Run Time HIGH:	up to 2,5 hrs
Run Time LOW:	up to 5,0 hrs
Dimmable:	No
LED Type:	High Power
Beam Distance:	30 m
Impact Rating:	1,8 m
Dimensions:	200 x 120 x 25 mm
Weight:	130 g
Battery:	2 x AA (included)
Material:	ABS Plastic and Nylon
Waterproof:	IPx4
CRI:	70 - 80
Working Temp.:	-10 to +40 °C

Product features:

- » Hands-Free Use
- » High/ Low/ Off Power Switch
- » Operate Each Light Head Independently
- » Rests Comfortably Around Neck
- » Weather Resistant Design

Light Heads can pivot 90°

The Neck Light CT7100

The innovative and sporty design of the CT7100 leaves you hands-free to work anywhere without irritation or stress to your forehead. Made of a durable and trustworthy ABS and nylon blend, it comfortably rests on your neck without leaving sweat marks and is easily cleaned. Whether you prefer the lowest (100 lumens) or highest (200 lumens) setting, this light adjusts to your power needs. Pivot the light heads up to 90° to create a wider beam.

The neck light's IPx6 rating means you can be sure your light stays on even when you are soaking in the rain. Indispensable for working in the garage or on a project in the house. Have it ready to walk the dog or for when the power goes out. Pack it with the camping essentials. You will never run out of applications this light is perfect for.

Product features:

- » Ratcheting Handle/Stand
- » Battery Charge Level Indicator
- » Bumper Guards
- » Protected USB In/Out Charging Port

CT3515EU Rechargeable Stationary Work Light

This Rechargeable Stationary Work Light unleashes a flood of light to illuminate any work area.

Built from construction-grade aluminum with bumper guards and a heat sink, this seriously tough light can handle anything nature throws at it.

With a 6.5-hour rechargeable lithium-ion battery, there's a good chance you'll wear out before the battery does. No angle is too awkward for the ratcheting handle/stand, and the slim design allows you to stash it in the tightest places.

The output USB charging port conveniently allows charging of many personal USB devices.

CT3540

Cat Alkaline Compact LED Work Light, 500 lm

Lumens HIGH:	500 lm
Lumens LOW:	250 lm
Run Time:	Up to 5 hrs
LED Type:	COB

Impact Rating:	1,0 m
Dimensions:	Open 263 x 33 x 30 mm Closed 140 x 33 x 30 mm
Weight:	138 g
Battery:	Li-Ion 18650 3.7 V / 2200 mAh
Power bank:	No
Charge Time:	3,5 hrs
Material:	ABS Plastic

- Product features:**
- » Slim design and 180° pivoting Light Head for compact Storage
 - » Magnetic Base
 - » Folds away and is protected
 - » Dimmer Switch (ON, OFF, hold for dim)
 - » Charge/Battery Indicator Light
 - » IPX4 Water Resistant
 - » USB-C Charge Cord included

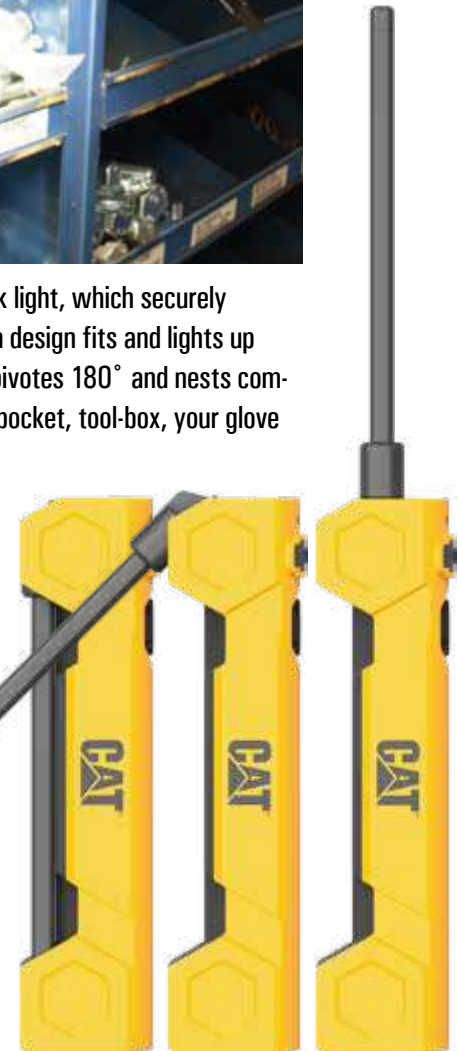

The CT8025 is a high powered LED work light, which securely magnetizes to ferrous surfaces. The Slim design fits and lights up difficult to reach spots. The Light Head pivotes 180° and nests compactly protected so it can be placed in a pocket, tool-box, your glove compartment etc.

This compact light delivers 400 Lumens. A dimmer switch allows to adjust the light down to 40 lumens based on needs and for increasing run time.

It comes with a USB rechargeable battery with up to a 9 hour runtime when dimmed to lowest setting and a 4-hour runtime when set on high.

The Charge indicator light provides a status on the battery level.
