

ALWAYS EVERYTHING AT HAND

▶ Tool Bags

Engineered and constructed to meet the demands of professionals, Cat heavy-duty Tool Bags offer maximum strength, durability and moisture resistance.

Get easy tool location and access on the go with Cat Tool Bags. Manufactured from extremely resistant textiles and polyester fabrics, all our tool bags are long lasting and easy to clean.

Open tool bags are specifically designed with multiple

compartments to provide big storage capacity with lots of details such as webbed straps for securing the essentials e.g., measuring tape, cards and phone.

Soft grip handles made of rubberized materials provide user friendly grip and isolate from touching any cold material.

Fresh Lunch and chilled beverages throughout the entire Work Day

KEEP YOUR COOL

► Cooler Bags

Cat Cooler Bags keep your beverages and food cold for hours. Besides that they are strong, tough and reliable – all characteristics related to the heritage of leading earthmoving machinery.

Whether you bring food and beverages to the jobsite, take all your tasty favorites with you on a day at the beach, a picnic or you just want to stay refreshed on a casual stroll to a lookout, our insulated cooler bags will not let you down.

Their durable water repellent 600D Polyester PU coated fabric repels water and the lined insulated interior keeps moisture in. A lot of ingenious features such as extra handles, fast grab zipper pullers and webbing loops make the bags even more versatile.
