

INNOVATIVE AND ERGONOMICALLY DESIGNED

▶ A new Breed of Tools

We are proud to present a new breed of products, instantly recognized throughout the World. For more than a century Caterpillar® has been a pioneer in construction, mining and technology.

Now we have pioneered a new breed of Cat® products, which have been developed from the ground up.

Except Cat no other hardliner brand is year after year found in the Global Top 100. Also no other hardliner brand has such bandwidth and visibility with constant presence reinforcing the brand's values everywhere in the world.

In product categories that have remained stagnant, Cat has been able to raise market shares by offering high quality, best-in-class products, that continually reinforce consumer's expectations, of what it means to be part of the Cat brand.

Our new tools incorporate state-of-the-art features and they are tested with the latest consumer insights

in mind. The result is a rugged, durable and ergonomically well-designed line of tools, built to exceed all expectations for superior performance, and which enables both professionals and private users to work highly efficient.

They are way more than just the tools you need – **these are the tools you WANT!**

Not only our new garden and construction tools, but also the knives and multi-tools and all other products in this catalogue as well, not only speak to professionals who rely on their equipment every day, but also to the homeowner who wants the best and most durable tools money can buy.

Carrying the name of one of the strongest brands in the world, which is directly associated with key industrial and commercial grade attributes such as strength, power and durability - especially in harsh environments, all products are developed from the most robust materials available, combined with practical innovation and ergonomic design.

They incorporate state-of-the-art features and are rigorously tested for quality and duration. Many of the advanced design features are now patented.

Our lights and mobile accessories are high quality products with leading edge technology that meets the highest professional standards. Manufactured in supreme quality materials, they are developed to meet stringent requirements, without compromises.

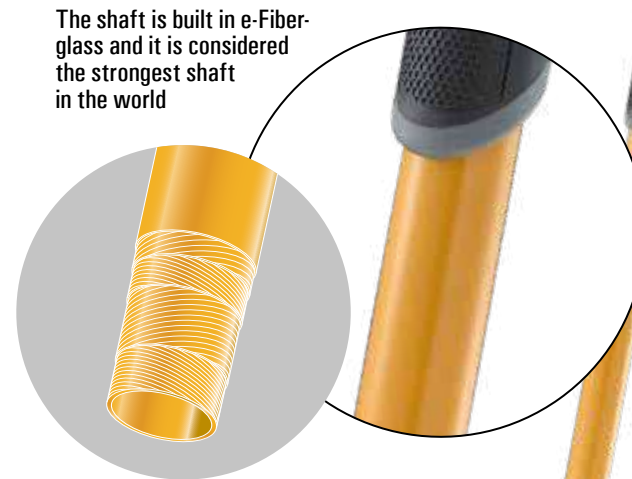

They offer cutting edge design and high functionality with solid performance in a variety of active situations.

Our bags and workwear offer maximum strength and durability. They are designed to perform in the toughest conditions on or off the job site and meet the highest demands of professionals, by being manufactured from extremely resistant textiles and polyester fabrics.

The Watches offer a fitting timekeeper for the adventurous person. With a casual and powerful design and the philosophy behind the brand, which always has stood for cool resilience in the face of extreme circumstances, these watches demonstrate that innovative design and timeless style are not limited to either the indoors or the outdoors.

All our products get the job done!

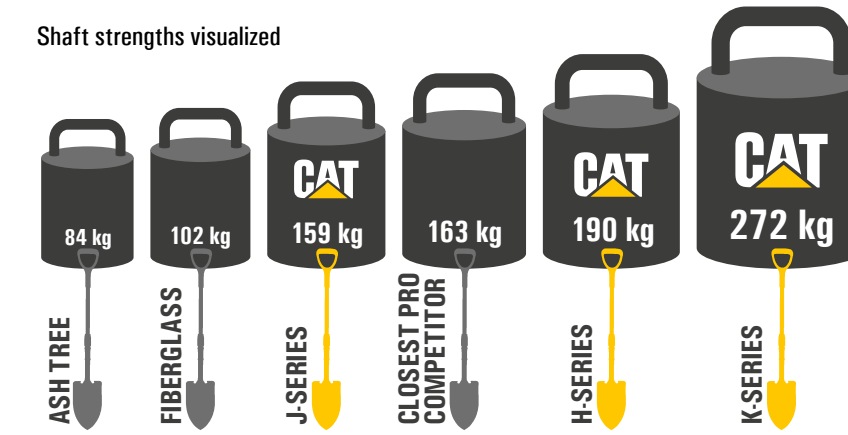

The shaft is built in e-Fiberglass and it is considered the strongest shaft in the world

Patented Head-to-Shaft Connection

Heat treated, military grade carbon steel blade

THE LAST TOOL YOU WILL EVER BUY

The K Series

With its e-Fiberglass Shaft, our K Series has the strongest shaft in the world. With a breaking strength of 272 kg, this series is superior to other Garden and Construction Tools.

Modern and innovative solutions, high-quality materials, excellent design, reliability and usefulness. With these long-lived Cat Garden and Construction Tools, you will accomplish your task quickly, efficiently and professionally. For more than a century Caterpillar has been a pioneer in construction machinery.

Now we have pioneered a new breed of tools.

The Cat Tools K Series is developed from the most robust materials available, combined with practical innovation and ergonomic design. Our tools incorporate state-of-the-art features and are rigorously tested for quality.

K10-100

Cat K-Series: Shovel, Long Handle, Round Point

Total length:	151,00 cm
Shaft length:	121,00 cm
Blade width:	21,50 cm
Blade length:	30,00 cm
Weight:	2,61 kg

Product features:

- » Multi-Hand Position, Comfort Grip
- » Non-conductive Fiberglass Handle
- » Nearly Indestructible Handle - Rated Strongest in Class
- » Patented Head/Handle Connection, Collar and Lower "Lift" Position
- » Heat Treated Extended Socket
- » Wide Step for Stable Foot Position
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

K10-102

Cat K-Series: Shovel, D-Handle, Round Point

Total length:	110,00 cm
Shaft length:	80,00 cm
Blade width:	21,50 cm
Blade length:	30,00 cm
Weight:	2,61 kg

Product features:

- » Double-Wide Comfort D-Grip Allows Multi-Hand Positions
- » Non-conductive Fiberglass Handle
- » Nearly Indestructible Handle - Rated Strongest in Class
- » Patented Head/Handle Connection, Collar and Lower "Lift" Position
- » Heat Treated Extended Socket
- » Wide Step for Stable Foot Position
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

K10-103

Cat K-Series: Shovel, Long Handle, Square Point

Total length:	151,00 cm
Shaft length:	122,00 cm
Blade width:	23,50 cm
Blade length:	29,00 cm
Weight:	2,71 kg

Product features:

- » Multi-Hand Position, Comfort Grip
- » Non-conductive Fiberglass Handle
- » Nearly Indestructible Handle - Rated Strongest in Class
- » Patented Head/Handle Connection, Collar and Lower "Lift" Position
- » Heat Treated Extended Socket
- » Standard Forward-Turned Step
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

K10-104

Cat K-Series: Shovel, D-Handle, Square Point

Total length:	110,00 cm
Shaft length:	81,00 cm
Blade width:	24,00 cm
Blade length:	29,00 cm
Weight:	2,56 kg

Product features:

- » Double-Wide Comfort D-Grip Allows Multi-Hand Positions
- » Non-conductive Fiberglass Handle
- » Nearly Indestructible Handle - Rated Strongest in Class
- » Patented Head/Handle Connection, Collar and Lower "Lift" Position
- » Heat Treated Extended Socket
- » Standard Forward-Turned Step
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

K10-105

Cat K-Series: Garden Spade, D-Handle

Total length:	110,00 cm
Shaft length:	82,00 cm
Blade width:	17,50 cm
Blade length:	28,00 cm
Weight:	2,30 kg

Product features:

- » Double-Wide Comfort D-Grip Allows Multi-Hand Positions
- » Non-conductive Fiberglass Handle
- » Nearly Indestructible Handle - Rated Strongest in Class
- » Patented Head/Handle Connection, Collar and Lower "Lift" Position
- » Heat Treated Extended Socket
- » Wide Step for Stable Foot Position
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

K10-106

Cat K-Series: D-Handle, Drain Spade

Total length:	124,00 cm
Shaft length:	83,00 cm
Blade width:	11,50 cm
Blade length:	41,00 cm
Weight:	2,30 kg

Product features:

- » Double-Wide Comfort D-Grip Allows Multi-Hand Positions
- » Non-conductive Fiberglass Handle
- » Nearly Indestructible Handle - Rated Strongest in Class
- » Patented Head/Handle Connection, Collar and Lower "Lift" Position
- » Heat Treated Extended Socket
- » Standard Forward-Turned Step
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

K11-101

Cat K-Series: Shovel, 4" Trench

Total length:	145,00 cm
Shaft length:	117,50 cm
Blade width:	10,50 cm
Blade length:	27,50 cm
Weight:	1,94 kg

Product features:

- » Multi-Hand Position, Comfort Grip
- » Non-conductive Fiberglass Handle
- » Nearly Indestructible Handle - Rated Strongest in Class
- » Patented Head/Handle Connection, Collar and Lower "Lift" Position
- » Heat Treated Socket
- » Standard Forward-Turned Step
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

K13-100

Cat K-Series: Post Hole Digger

Total length:	156,00 cm
Shaft length:	133,00 cm
Blade width:	12,50 cm
Blade length:	23,00 cm
Weight:	4,12 kg

Product features:

- » Multi-Hand Position, Comfort Grips
- » Non-conductive Fiberglass Handles
- » Nearly Indestructible Handle - Rated Strongest in Class
- » Patented Head/Handle Connection
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edges

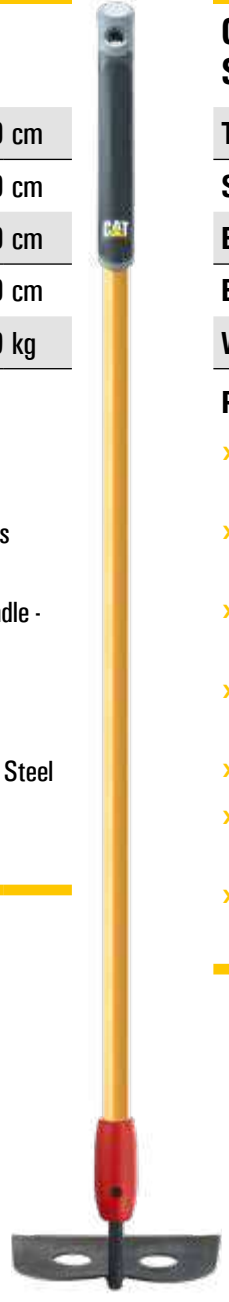

K16-150

Cat K-Series: Mortar Hoe, Forged

Total length:	149,00 cm
Shaft length:	133,50 cm
Blade width:	25,00 cm
Blade length:	15,50 cm
Weight:	1,89 kg

Product features:

- » Multi-Hand Position, Comfort Grip
- » Non-conductive Fiberglass Handle
- » Nearly Indestructible Handle - Rated Strongest in Class
- » Patented Head/Handle Connection
- » Military Grade, Hardened Steel
- » Rolled Forged Mortar with Pattern Head

K17-150

Cat K-Series: Scraper, Forged

Total length:	155,50 cm
Shaft length:	143,00 cm
Blade width:	18,00 cm
Blade length:	12,50 cm
Weight:	1,54 kg

Product features:

- » Multi-Hand Position, Comfort Grip
- » Non-conductive Fiberglass Handle
- » Nearly Indestructible Handle - Rated Strongest in Class
- » Patented Head/Handle Connection
- » Military Grade, Hardened Steel
- » Rolled Forged Scraper with Pattern Head
- » Perfect for pecking holes for ice fishing

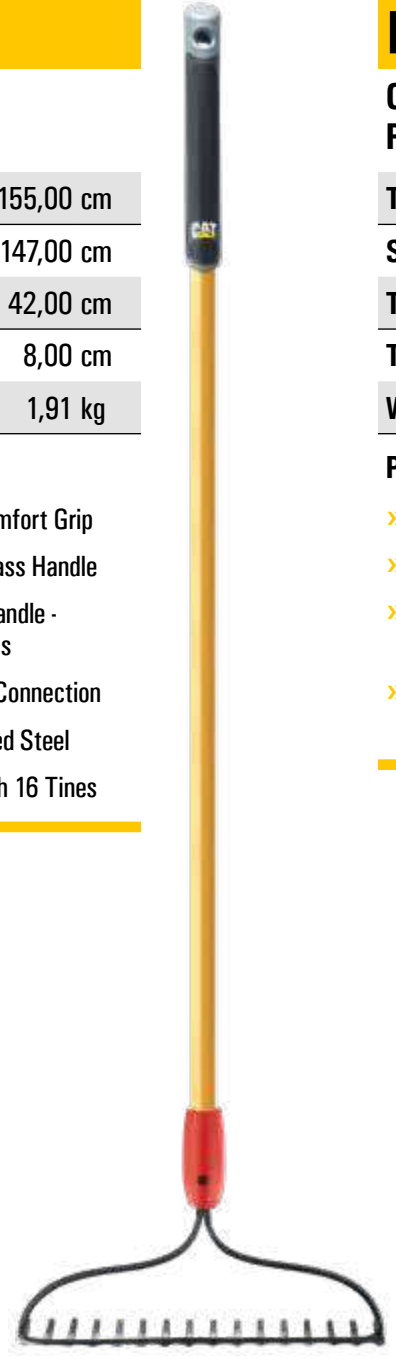

K15-150

Cat K-Series: Bow Rake, 16 Tine

Total length:	155,00 cm
Shaft length:	147,00 cm
Tine head width:	42,00 cm
Tine length:	8,00 cm
Weight:	1,91 kg

Product features:

- » Multi-Hand Position Comfort Grip
- » Non-conductive Fiberglass Handle
- » Nearly Indestructible Handle - Rated Strongest in Class
- » Patented Head/Handle Connection
- » Military Grade, Hardened Steel
- » Rolled Forged Head with 16 Tines

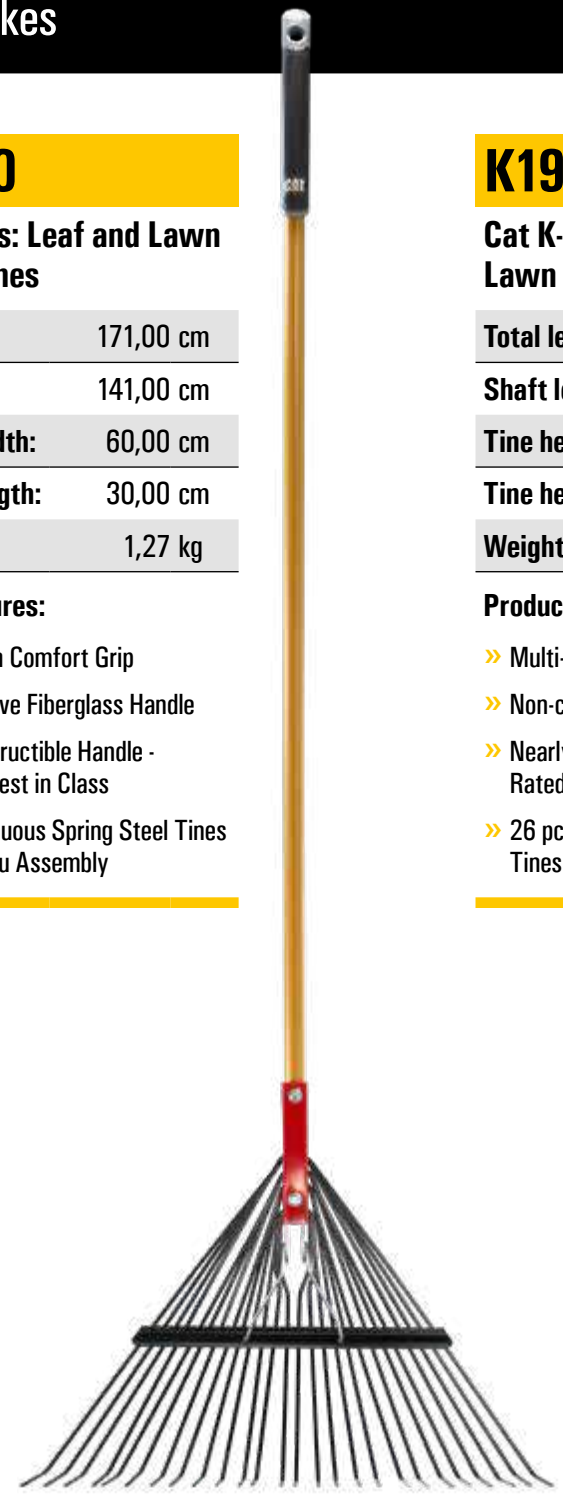

K19-150

Cat K-Series: Leaf and Lawn Rake, 19 Tines

Total length:	171,00 cm
Shaft length:	141,00 cm
Tine head width:	60,00 cm
Tine head length:	30,00 cm
Weight:	1,27 kg

Product features:

- » Multi-position Comfort Grip
- » Non-conductive Fiberglass Handle
- » Nearly Indestructible Handle - Rated Strongest in Class
- » 19 pcs continuous Spring Steel Tines with Bolt-Thru Assembly

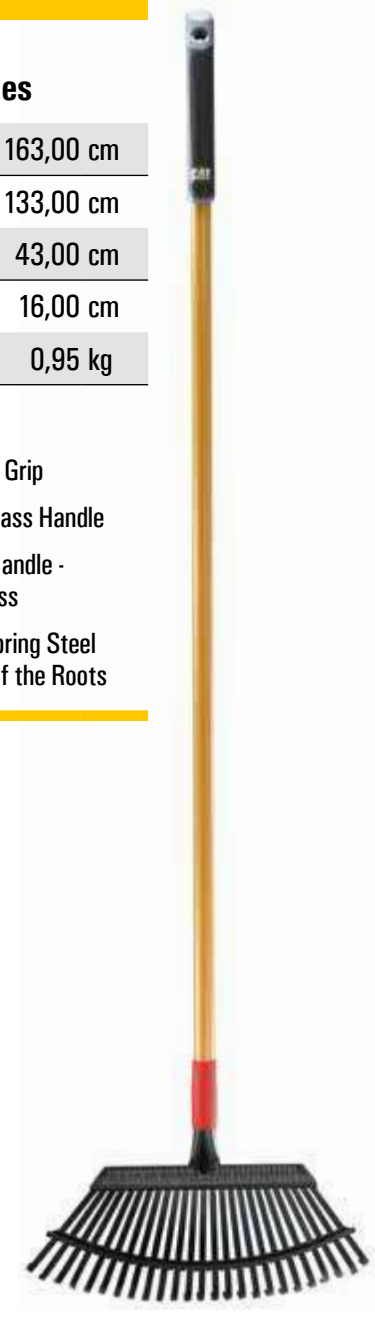

K19-151

Cat K-Series: Lawn Rake, 26 Tines

Total length:	163,00 cm
Shaft length:	133,00 cm
Tine head width:	43,00 cm
Tine head length:	16,00 cm
Weight:	0,95 kg

Product features:

- » Multi-position Comfort Grip
- » Non-conductive Fiberglass Handle
- » Nearly Indestructible Handle - Rated Strongest in Class
- » 26 pcs Wide Spread Spring Steel Tines dig to the Base of the Roots

WORK LIKE A PRO IN YOUR HOME GARDEN

▶ The J Series Garden Tools

Strength, durability and ergonomic design are the keywords in our J Series Garden Tools for the quality-conscious consumer.

With these long-lived products, you will have the last tool you will ever need. Durability through high-quality materials, excellent design, reliability and usefulness.

With these long-lived Cat Garden Tools, you will accomplish every task quickly, efficiently and professionally.

J10-200

Cat J-Series: Shovel, Long Handle, Round Point

Total length:	150,00 cm
Shaft length:	119,00 cm
Blade width:	22,50 cm
Blade length:	31,00 cm
Weight:	2,61 kg

Product features:

- » Multi-Hand Position, Comfort Grip
- » Flat-Sided Lateral Control Fiberglass Handle
- » Head/Handle Connection with Extended Steel Collar
- » Heat Treated Extended Socket
- » Wide Step for Stable Foot Position
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

J10-202

Cat J-Series: Shovel, D-Handle, Round Point

Total length:	116,00 cm
Shaft length:	84,00 cm
Blade width:	22,50 cm
Blade length:	31,00 cm
Weight:	2,55 kg

Product features:

- » Double-Wide Comfort D-Grip Allows Multi-Hand Positions
- » Flat-Sided Lateral Control Fiberglass Handle
- » Head/Handle Connection with Extended Steel Collar
- » Heat Treated Extended Socket
- » Wide Step for Stable Foot Position
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

J10-203

Cat J-Series: Shovel, Long Handle, Square Point

Total length:	150,00 cm
Shaft length:	120,50 cm
Blade width:	24,50 cm
Blade length:	29,50 cm
Weight:	2,82 kg

Product features:

- » Multi-Hand Position, Comfort Grip
- » Flat-Sided Lateral Control Fiberglass Handle
- » Head/Handle Connection with Extended Steel Collar
- » Heat Treated Extended Socket
- » Standard Forward-Turned Step
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

J10-204

Cat J-Series: Shovel, D-Handle, Square Point

Total length:	115,00 cm
Shaft length:	85,50 cm
Blade width:	24,50 cm
Blade length:	29,50 cm
Weight:	2,82 kg

Product features:

- » Double-Wide Comfort D-Grip Allows Multi-Hand Positions
- » Flat-Sided Lateral Control Fiberglass Handle
- » Head/Handle Connection with Extended Steel Collar
- » Heat Treated Extended Socket
- » Standard Forward-Turned Step
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

J10-205

Cat J-Series: Garden Spade, D-Handle

Total length:	115,00 cm
Shaft length:	86,50 cm
Blade width:	17,50 cm
Blade length:	28,50 cm
Weight:	2,42 kg

Product features:

- » Double-Wide Comfort D-Grip Allows Multi-Hand Positions
- » Flat-Sided Lateral Control Fiberglass Handle
- » Head/Handle Connection with Extended Steel Collar
- » Heat Treated Extended Socket
- » Standard Forward-Turned Step
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

J10-206

Cat J-Series: Drain Spade, D-Handle

Total length:	127,00 cm
Shaft length:	86,00 cm
Blade width:	14,00 cm
Blade length:	41,00 cm
Weight:	2,42 kg

Product features:

- » Double-Wide Comfort D-Grip Allows Multi-Hand Positions
- » Flat-Sided Lateral Control Fiberglass Handle
- » Head/Handle Connection with Extended Steel Collar
- » Heat Treated Extended Socket
- » Standard Forward-Turned Step
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

J12-201

Cat J-Series: Aluminum Scoop, D-Handle, DH12

Total length:	120,00 cm
Shaft length:	72,00 cm
Blade width:	37,50 cm
Blade length:	48,00 cm
Weight:	2,42 kg

Product features:

- » Double-Wide Comfort D-Grip Allows Multi-Hand Positions
- » Flat-Sided Lateral Control Fiberglass Handle
- » Head/Handle Connection with Extended Collar
- » Aluminum Socket
- » Heavy Gauge Aluminum Pattern Blade

J12-220

Cat J-Series: Aluminum Scoop, D-Handle, DH8

Total length:	115,00 cm
Shaft length:	71,50 cm
Blade width:	34,00 cm
Blade length:	43,50 cm
Weight:	2,17 kg

Product features:

- » Double-Wide Comfort D-Grip Allows Multi-Hand Positions
- » Flat-Sided Lateral Control Fiberglass Handle
- » Head/Handle Connection with Extended Collar
- » Aluminum Socket
- » Heavy Gauge Aluminum Pattern Blade

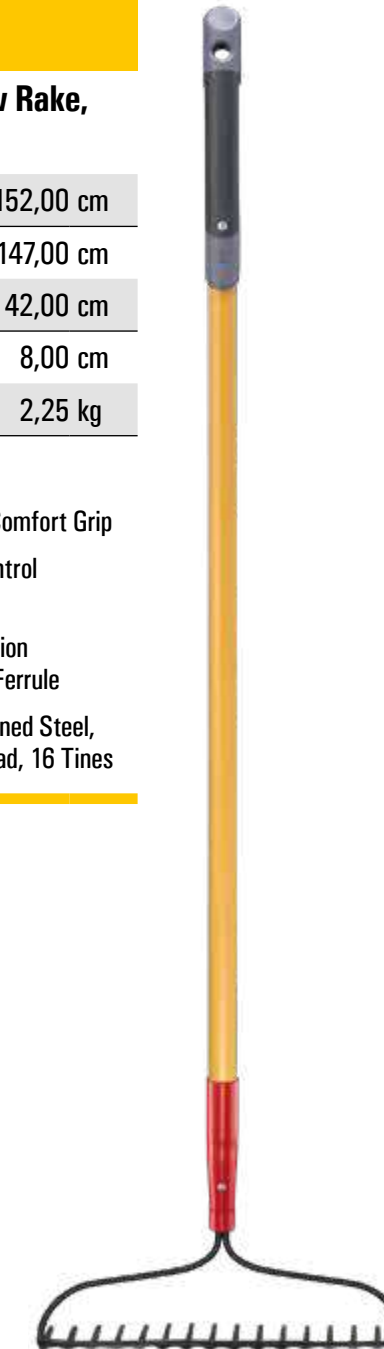

J17-250

Cat J-Series: Bow Rake, Forged, 16 Tines

Total length:	152,00 cm
Shaft length:	147,00 cm
Blade width:	42,00 cm
Blade length:	8,00 cm
Weight:	2,25 kg

Product features:

- » Multi-Hand Position Comfort Grip
- » Flat-Sided Lateral Control Fiberglass Handle
- » Head/Handle Connection with Extended Steel Ferrule
- » Military Grade, Hardened Steel, 1pc Rolled Forged Head, 16 Tines

Blade made of high quality hardened steel, extremely durable, firmly connected to the handle

A suitably shaped shaft made of composite material, reinforced with fiberglass, ensures shock absorption

The soft, non-slip SAFETOUCH™ surface covers a considerable length of the shaft and provides a secure grip and ease of use

STRIKE BACK LIKE A JEDI

▶ The J Series Striking Tools

Axes, hammers, mauls and picks with a sublime ergonomic grip - produced in highest class quality and durable materials.

New innovative solutions, high-quality materials, excellent design, reliability and usefulness. With these long-lived Cat Striking Tools, you will accomplish your task quickly, efficiently and professionally.

The Cat Striking Tools Line is developed from the most robust materials available, combined with practical innovation and ergonomic design. Our tools incorporate state-of-the-art features and are rigorously tested for quality.

J25-240

Cat J-Series: Axe Blade Sharpener, Ergo, Universal

Packaging: Blister

Product features:

- » For sharpening axes, knives etc.
- » Made of durable, impact-resistant polycarbonate
- » The ergonomic design offers a secure, convenient and safe grip of the sharpener
- » The base with rubberized feet ensures stability of the sharpener during sharpening
- » The sharpening wheel made from specially selected blend of silicon, a material for highly demanding applications

J25-201

Cat J-Series: Universal Axe, U600, Ergo, 1.25lb

Total length:	26,00 cm
Shaft length:	21,00 cm
Head width:	12,5 cm
Weight:	0,6 kg

Product features:

- » Universal axe, ideal for use during camps, bivouacs, works as a survival tool
- » Blade made of high quality induction-hardened steel, extremely durable, deeply welded with the shaft
- » Appropriately shaped handle made of a fiberglass-reinforced composite, provides cushioning at impact
- » A soft, non-slip SAFETOUCH™ surface, covering a substantial length of the shaft provides a sure grip and comfort of use
- » Perfect balance of the tool provides high ergonomics and comfort
- » Axe can safely and securely be attached to a belt or backpack

J25-202

Cat J-Series: Universal Axe, U1100, Ergo, 2.5lb

Total length:	45,00 cm
Shaft length:	39,50 cm
Head width:	15,50 cm
Weight:	1,1 kg

Product features:

- » Strong cutting axe, recommended for carpentry, gardening, building and cleaning jobs
- » Blade made of high quality induction-hardened steel, extremely durable, deeply welded with the handle
- » Appropriately shaped handle made of a fiberglass-reinforced composite, provides cushioning at impact
- » A soft, non-slip SAFETOUCH™ surface, covering a substantial length of the shaft provides a sure grip and comfort of use
- » Perfect balance of the tool provides high ergonomics and comfort
- » Multifunctional cover guarantees safe handling, storage of the axe and sharpener

J25-226

Cat J-Series: Splitting Axe, C1600, Ergo, 3.5lb

Total length:	61,50 cm
Shaft length:	54,50 cm
Head width:	17,00 cm
Weight:	1,6 kg

Product features:

- » Splitting axe designed for medium-sized tree trunks with a diameter of more than 20 cm
- » Meets the requirements of farmers, gardeners, construction and forestry workers worldwide
- » Blade made of high quality induction-hardened steel, extremely durable, deeply welded with the handle
- » Unique head shape suitable for splitting wood
- » Appropriately shaped handle made of a fiberglass-reinforced composite, provides cushioning at impact
- » A soft, non-slip SAFETOUCH™ surface, covering a substantial length of the shaft provides a sure grip and comfort of use
- » Multifunctional cover guarantees safe handling, storage of the axe and sharpener

J25-227

Cat J-Series: Splitting Axe, C2000, Ergo, 4.5lb

Total length:	73,50 cm
Shaft length:	67,00 cm
Head width:	17,0 cm
Weight:	2,0 kg

Product features:

- » Splitting axe designed for medium-sized tree trunks with a diameter of more than 25 cm
- » Meets the requirements of farmers, gardeners, construction and forestry workers worldwide
- » Blade made of high quality induction-hardened steel, extremely durable, deeply welded with the handle
- » Unique head shape suitable for splitting wood
- » Appropriately shaped handle made of a fiberglass-reinforced composite, provides cushioning at impact
- » A soft, non-slip SAFETOUCH™ surface, covering a substantial length of the shaft provides a sure grip and comfort of use
- » Multifunctional cover guarantees safe handling, storage of the axe and sharpener

J25-228

Cat J-Series: Splitting Axe, C2500, Ergo, 5.5lb

Total length:	73,50 cm
Shaft length:	67,00 cm
Head width:	20,00 cm
Weight:	2,5 kg

Product features:

- » The ideal axe for splitting trunks with a diameter of more than 30 cm
- » Intended for advanced users and professionals
- » Blade made of high quality induction-hardened steel, extremely durable, deeply welded with the handle
- » Unique head shape suitable for splitting wood
- » Appropriately shaped handle made of a fiberglass-reinforced composite, provides cushioning at impact
- » A soft, non-slip SAFETOUCH™ surface, covering a substantial length of the shaft provides a sure grip and comfort of use
- » Multifunctional cover guarantees safe handling, storage of the axe and sharpener

The Axe Blade Sharpener can rest perfectly inside the handle of the axe covers for J25-202 and above. This way it's always at hand and never forgotten anywhere.

J25-300

**Cat J-Series:
Pick Mattock, 5lb**

Total length:	84,00 cm
Shaft length:	81,50 cm
Head width:	48,00 cm
Head depth:	9,50 cm
Weight:	3,58 kg

Product features:

- » Mattock blade for digging, planting and trenching
- » Pick point for easy penetration when chiseling, punching and cracking the surface
- » Extended overstrike zone prevents handle breakage
- » Ovular solid core fiberglass construction with more glass content for greater strength
- » Molded handle shaft allows easy sliding of upper hand
- » Specially textured TPR grip zone: Comfortable grip while channeling moisture and sweat away from hands
- » Multi-position and anti-slip safety stop

J25-250

Cat J-Series: Maul, 6lb

Total length:	86,00 cm
Shaft length:	77,80 cm
Head width:	22,00 cm
Head depth:	5,30 cm
Weight:	2,72 kg

Product features:

- » Head drop-forged, heat treated, full weight
- » Heat-treated sharp blade
- » Polished striking face with chamfered edge
- » Extended overstrike zone prevents handle breakage
- » Ovular solid core fiberglass construction with more glass content for greater strength
- » Molded handle shaft allows easy sliding of upper hand
- » Specially textured TPR grip zone: Comfortable grip while channeling moisture and sweat away from hands
- » Multi-position and anti-slip safety stop

J25-100

**Cat J-Series:
Engineer Hammer, 4lb**

Total length:	40,50 cm
Shaft length:	36,50 cm
Head width:	13,00 cm
Head depth:	5,00 cm
Weight:	2,10 kg

Product features:

- » Head drop-forged, heat treated, full weight
- » Polished striking face with chamfered edge
- » Extended overstrike zone prevents handle breakage
- » Ovular solid core fiberglass construction with more glass content for greater strength
- » Molded handle shaft allows easy sliding of upper hand
- » Specially textured TPR grip zone: Comfortable grip while channeling moisture and sweat away from hands
- » Multi-position and anti-slip safety stop

J25-108

**Cat J-Series:
Sledge Hammer, 8lb**

Total length:	84,20 cm
Shaft length:	78,50 cm
Head width:	16,20 cm
Head depth:	6,00 cm
Weight:	4,70 kg

Product features:

- » Head drop-forged, heat treated, full weight
- » Polished striking face with chamfered edge
- » Extended overstrike zone prevents handle breakage
- » Ovular solid core fiberglass construction with more glass content for greater strength
- » Molded handle shaft allows easy sliding of upper hand
- » Specially textured TPR grip zone: Comfortable grip while channeling moisture and sweat away from hands
- » Multi-position and anti-slip safety stop

J25-110

**Cat J-Series:
Sledge Hammer, 10lb**

Total length:	84,70 cm
Shaft length:	78,50 cm
Head width:	16,50 cm
Head depth:	6,50 cm
Weight:	5,60 kg

Product features:

- » Head drop-forged, heat treated, full weight
- » Polished striking face with chamfered edge
- » Extended overstrike zone prevents handle breakage
- » Ovular solid core fiberglass construction with more glass content for greater strength
- » Molded handle shaft allows easy sliding of upper hand
- » Specially textured TPR grip zone: Comfortable grip while channeling moisture and sweat away from hands
- » Multi-position and anti-slip safety stop

YOUR FEET WILL THANK YOU

▶ **The H Series**

Patented shovel, developed to give you more power.

A shovel is not just a shovel! This series has a blade/shaft design with new functions. Transfer 75% more power compared to ordinary shovels with the new step function.

You can now use your complete body weight on one leg.

H10-300

**Cat H-Series: Shovel,
Long Handle, Round Point**

Total length:	150,00 cm
Shaft length:	130,00 cm
Blade width:	30,00 cm
Blade length:	20,00 cm
Weight:	2,90 kg

Product features:

- » Multi-Hand Position TPR Comfort Grip
- » Flat-Sided Lateral Control Fiberglass Handle
- » Head/Handle Dual Rivet Socket Assembly
- » Heat Treated Double Extended Socket with Patented Power Ridge
- » Patented "Full Foot Step" for Stable Foot Position
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

H10-302

**Cat H-Series: Shovel,
D-Handle, Round Point**

Total length:	115,00 cm
Shaft length:	95,00 cm
Blade width:	30,00 cm
Blade length:	20,00 cm
Weight:	2,70 kg

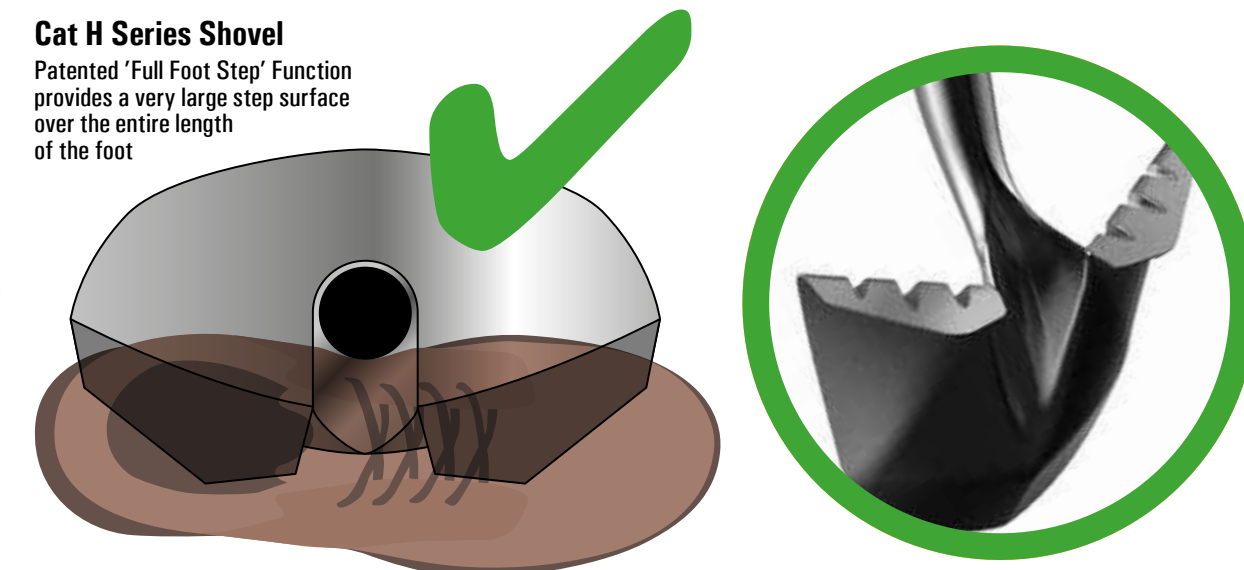

Product features:

- » Multi-Hand Position TPR Comfort D-Grip
- » Flat-Sided Lateral Control Fiberglass Handle
- » Head/Handle Dual Rivet Socket Assembly
- » Heat Treated Double Extended Socket with Patented Power Ridge
- » Patented "Full Foot Step" for Stable Foot Position
- » Military Grade, Heat Treated Hardened Steel
- » Beveled Sharpened Blade Edge

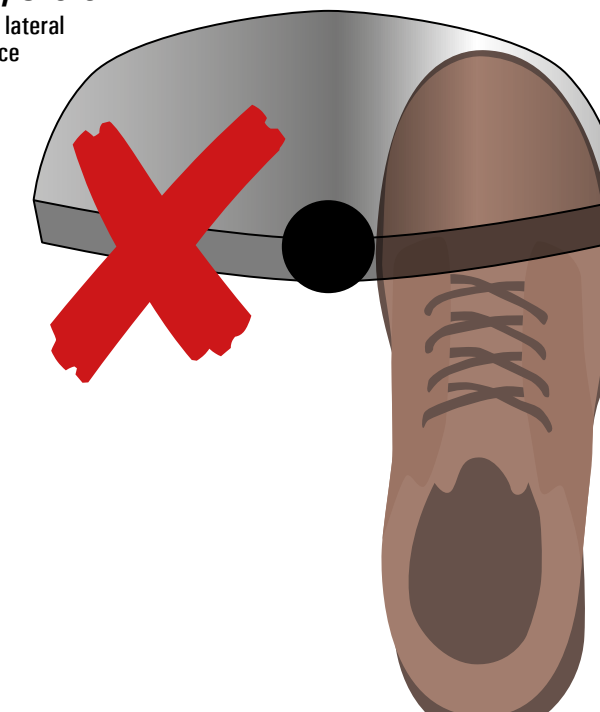

Cat H Series Shovel

Patented 'Full Foot Step' Function provides a very large step surface over the entire length of the foot

Ordinary Shovel

Very small lateral step surface

MOVE MORE... IN LESS TIME...

▶ Wheelbarrows and Load-Shift Hand Truck

A new standard in wheelbarrows for the construction industry.

With a patented design and all the best from the Cat Machines as well as a superior load capacity of up to 544 kg, the wheelbarrows from Cat set a new standard. Completely new grip functions ensure that you lift

ergonomically correct every time. The patented sink and puncture-free low-profile tires allow you to take the wheelbarrow anywhere, regardless of terrain or subsoil.

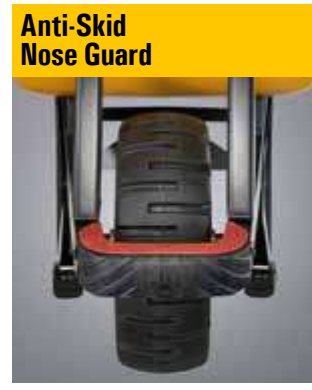

X22-001

**Cat K-Series:
Wheelbarrow, 1.1mm Steel Tray**

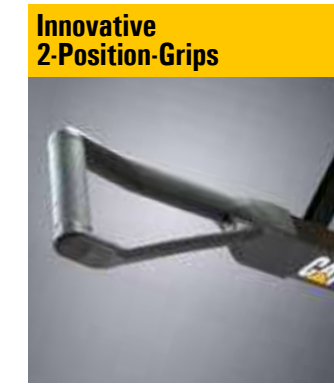

Load Capacity:	544 kg
Load Volume:	Liquid 100 L Heaping 170 L
Weight:	39,00 kg
Length total:	159 cm
Height total:	75 cm
Width total (Handles):	80 cm
Length Tray:	97 cm
Width Tray:	65 cm
Material:	Steel
Tire:	Flat Free

- Product features:**
- » Over 1/2 Ton Capacity - 4x jobsite efficiency
 - » Heavy Gauge 1.1 mm Steel Tray with 544 kg Load Capacity
 - » Anti-Skid Nose Guard
 - » Flat-Free, Sink Resistant, extra-wide wheel provides the maneuverability of a traditional tire with the stability of 2-wheels.
 - » Innovative, 2-Position-Grips allow comfortable walking and easier dumping of the load
 - » Ships in ONE single Box

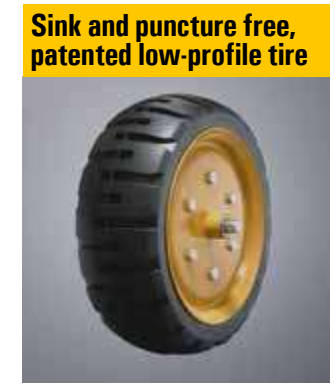

Patented low-profile tires that are sink and puncture-free, developed in collaboration with Caterpillar Incorporated. Easy maneuvering with one tire with stability as two

Anti-Skid Nose Guard

Innovative 2-Position-Grips

Sink and puncture free, patented low-profile tire

Wheelbarrow ships packed in ONE single Box

The innovative handles with 2-Position-Grips, makes it comfortable to transport and empty

Steel beam undercarriage for added support

Stabilizer Feet - self adjusting on uneven surfaces

Anti-Skid Nose Guard - reduces skidding while discharging

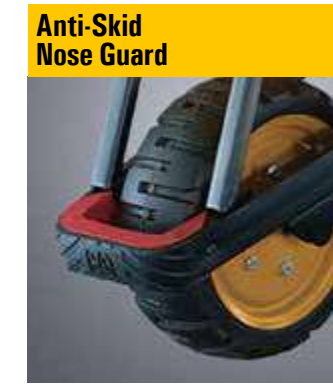

Solid axle without any parts to maintain

K22-000

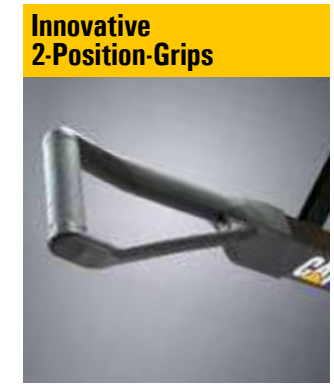

**Cat K-Series:
Wheelbarrow, 1.1mm Steel Tray**

Load Capacity:	500 kg
Load Volume:	Liquid 100 L Heaping 170 L
Weight:	24,49 kg
Length total:	159 cm
Height total:	75 cm
Width total (Handles):	80 cm
Length Tray:	97 cm
Width Tray:	65 cm
Material:	Steel
Tire:	Flat Free

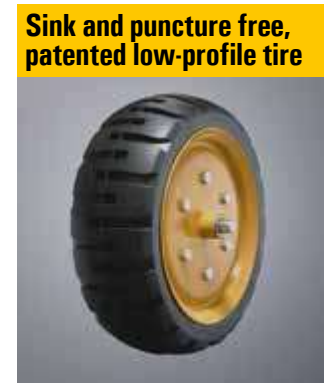

- Product features:**
- » 1/2 Ton Capacity - 3x the jobsite efficiency
 - » Heavy Gauge 1.1mm Steel Tray
 - » Extra Wide Flat Free Tire - Improved Stability and Maneuverability
 - » 2-Position-Grips - Lift and Discharge the load
 - » Stabilizer Feet - Adjust on uneven surfaces
 - » Anti-Skid Nose Guard - Reduced skidding while discharging
 - » Solid axle without any parts to maintain
 - » Steel Beam Undercarriage for added support

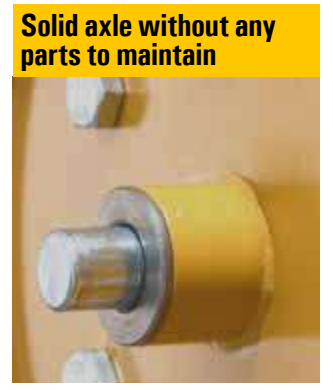

Anti-Skid Nose Guard

Innovative 2-Position-Grips

Sink and puncture free, patented low-profile tire

Solid axle without any parts to maintain

The innovative handles with 2-Position-Grips, makes it comfortable to transport and empty

Steel beam undercarriage for added support

Stabilizer Feet - self adjusting on uneven surfaces

Anti-Skid Nose Guard - reduces skidding while discharging

Solid axle without any parts to maintain

Patented low-profile tires that are sink and puncture-free, developed in collaboration with Caterpillar Incorporated. Easy maneuvering with one tire with stability as two

J22-150

**Cat J-Series:
Wheelbarrow, 1.1mm Steel Tray**

Load Capacity:	250 kg
Load Volume:	Liquid 100 L Heaping 170 L
Weight:	18,14 kg
Length total:	147 cm
Height total:	73 cm
Width total (Tray):	65 cm
Length Tray:	97 cm
Material:	Steel
Tire:	Pneumatic

- Product features:**
- » 1/4 Ton Capacity - 2x the jobsite efficiency
 - » Heavy Gauge, 1.1 mm Steel Tray
 - » 4-Ply Pneumatic Tire with Sink Resistant Tread Pattern
 - » Comfortable Ergo Grips
 - » Steel, Anti-Tip Undercarriage

Innovative Details and Design

Wide Range of Accessories

CNC machined
5-Piston Pump

The Patented 5-Piston-Pump

- Noise Reduction
- Higher Waterflow
- Maintenance Free
- 30% less Vibration
- Cleans up to 20% faster
- 20% less Wear per Piston prolongs motor life

CLEAN IT ALL AND MAKE IT SHINE!

▶ Pressure Washer

Cat has engineered a new breed of pressure washers, which are setting a new standard in the cleaning industry.

Optimizing unique design and technological advancements, creating a new standard in the pressure washer industry. The product line carries the Caterpillar legacy through the use of robust material combined with practical innovation and ergonomic design, driven through the best-in-class consumer insights and feedback.

Strong enough for the toughest jobs, Cat Pressure Washers are optimized to clean quickly and effectively. Unlike other machines with artificially high (but useless) PSI figures, our focus is on higher water flow WITH pressure to get through the toughest jobs.

Our CNC machined aluminum 5-Piston pump has 20% less wear per piston and 30% less vibration, resulting in more stable and quieter performance.

Our maintenance free motors are calibrated to run below their maximum amperage (unlike other manufacturers) in order to prolong motor life and avoid tripped fuses. Quick set up, intuitive use, easy to put away and handy to transport – just what you need to get the job done. Power and high flow performance in a compact form factor. No unnecessary wheels, handles or brushes to break or wear.

CAT ELECTRIC PRESSURE WASHER

With its patented 5-cylinder piston pump, that generates up to 135 bar / approx. 1960 psi, the 135-VE54 sets new standards for maximum cleaning performance. The high-pressure output ensures a superior cleaning power. The supplied foam sprayer enables machines, cars and terraces to be cleaned.

5 Piston Pump

Provides higher waterflow, noise reduction and much less vibration than other pumps – Cleans up to 20% faster than comparable models in its class

135-VE54

Cat Electric Pressure Washer, 135 bar

Product features:

- » 4 Versatile Spray Nozzles (0°, 15°, 25°, 40°) for tackling light, medium and heavy cleaning
- » 600 ml Foam Blaster with Foam Nozzle for removing dirt and grime
- » A powerful 13 Amp motor and a 5-piston pump are generating up to 135 bar / approx. 1960 psi for maximum cleaning power
- » 5 m / 16.4 ft high pressure rubber hose
- » 5 m / 16.4 ft foot electric cable with GFCI protection
- » Metal gun and cleaning rod
- » Storage compartment for all accessories
- » Cleaning needle for Spray Nozzles

Stated Values according to EN 60335-2-79:

Vibration Value for Grip:	< 2,5 m/s ²
Uncertainty K:	0,6 m/s ²
Noise Level LpA:	93,5 dB(A)
Uncertainty Kpa:	3 dB(A)
Noise Level + Uncertainty KWa:	95 dB(A)

Dimensions:

Length (excl. Accessories):	approx. 480 mm
Width (excl. Accessories):	375 mm
Height:	385 mm
Weight (incl. Accessories):	10,6 kg

Performance Data:

Peak Pressure:	82 bar approx. 1190 psi
Max. allowed Pressure:	135 bar 1960 psi
Flow Rate:	6,5 L/Min
Max. Flow Rate:	7,5 L/Min

Water Supply / Cold Water:

Max. Feed Pressure:	12 bar approx. 175 psi
Max. Feed Temperature:	40° C 104° F
Min. Feed Water Amount:	8 L/Min
Inlet size EU /Garden hose:	BSP 3/4" 14 TPI
Outlet size:	M22x15 mm

Electrical Connection:

Voltage:	220 V
Power / Motor:	1.800 Watt
Fuse:	10 A
Class of Protection:	II / IPX5

EASY LIFT, EASY REPAIR

▶ Rolling Utility Seat, Jack Lift and Stand

This is the premier lineup of Cat garage equipment, designed to elevate your automotive maintenance experience.

Our range includes a Rolling Utility Seat / Garage Creeper, a Jack Lift, and a Set of Jack Stands, all meticulously engineered to provide exceptional durability, safety, and performance. Whether you're a professional mechanic or a DIY enthusiast, garage equipment from Cat ensures optimal support, mobility,

and efficiency for all your automotive projects. With a relentless focus on quality and innovation, Caterpillar sets the standard for excellence in garage equipment, empowering you to tackle maintenance tasks with confidence and precision.

JCS3167

Cat Garage Rolling Utility Seat with Detachable Sitting Creeper

Assembled Size: 100 x 44 x 39 cm

Creeper Size: 53 x 26 x 15 cm

Max. Load Seat: 150 kg

Max. Load Creeper: 100 kg

Product features:

- » Removable top seat with soft cushion and 4 x 5 cm casters working as a sitting creeper
- » 2 pcs removable side central trays, one on each side
- » 1 pc easy-to-access clear tray under the seat
- » 4 pcs heavy duty 10 cm dual color casters (2 with lock)
- » **Materials:**
 - Frame: Steel (Q235), powder coated
 - Body: PE, blowed
 - Center Tray: PC
 - Side Trays: PP
 - Seat Cushion: PU, foamed
 - Creeper Body: PE, blowed
 - Large Casters: PP and TPR
 - Small Casters: PP

The Cat Rolling Utility Seat with Detachable Sitting Creeper offers a convenient solution for working in a comfortable seated position for extended periods. This 2-in-1 creeper rolling seat features a robust, steel-framed design with a weight capacity of 150 kg, and it is equipped with four-inch wheels for easy mobility.

The seat includes under-seat storage with an open drawer and removable trays, allowing for the convenient transport of tools, spray bottles, or beverages. Additionally, the top seat can be removed to reveal a durable foam pad and caster wheels, transforming the unit into a sitting mini creeper with two-inch wheels and a weight capacity of up to 100 kg.

The Cat Utility Seat with Detachable Knee Creeper is designed for durability and versatility, making it an ideal choice for comfortable and efficient project completion.

980233

Cat 3-Ton Low Profile Service Jack

Lift Capacity: 3 ton

Lift Range: 7,6 - 49,5 cm

Dimensions: excl. handle / 40,6 x 78,7 x 16,5 cm

Weight: ca. 34,0 kg

Product features:

- » **Heavy-Duty:** 3-Ton capacity lifts most passenger vehicles, light trucks and SUVs
- » **Low Profile:** Low profile design fits under vehicles as low as 3"/7,6 cm. Perfect for sports cars, lowered vehicles and classic restoration applications
- » **Max Height:** 19.5"/59,5 cm max. lift height is perfect for use on full-size trucks and SUVs
- » **Convenience:** Built-in foot pedal pump for quick and precise saddle positioning under vehicle
- » **Quick Lift:** Dual piston quick lift pump makes positioning and lifting effortless and easy. Only 7 pumps to max lift height (unloaded)

980514

Cat 3-Ton Double Lock Jack Stands with Pin /1 Pair (2pcs)

Lift Capacity: 3 ton

Lift Range: 29,9 - 42,9 cm

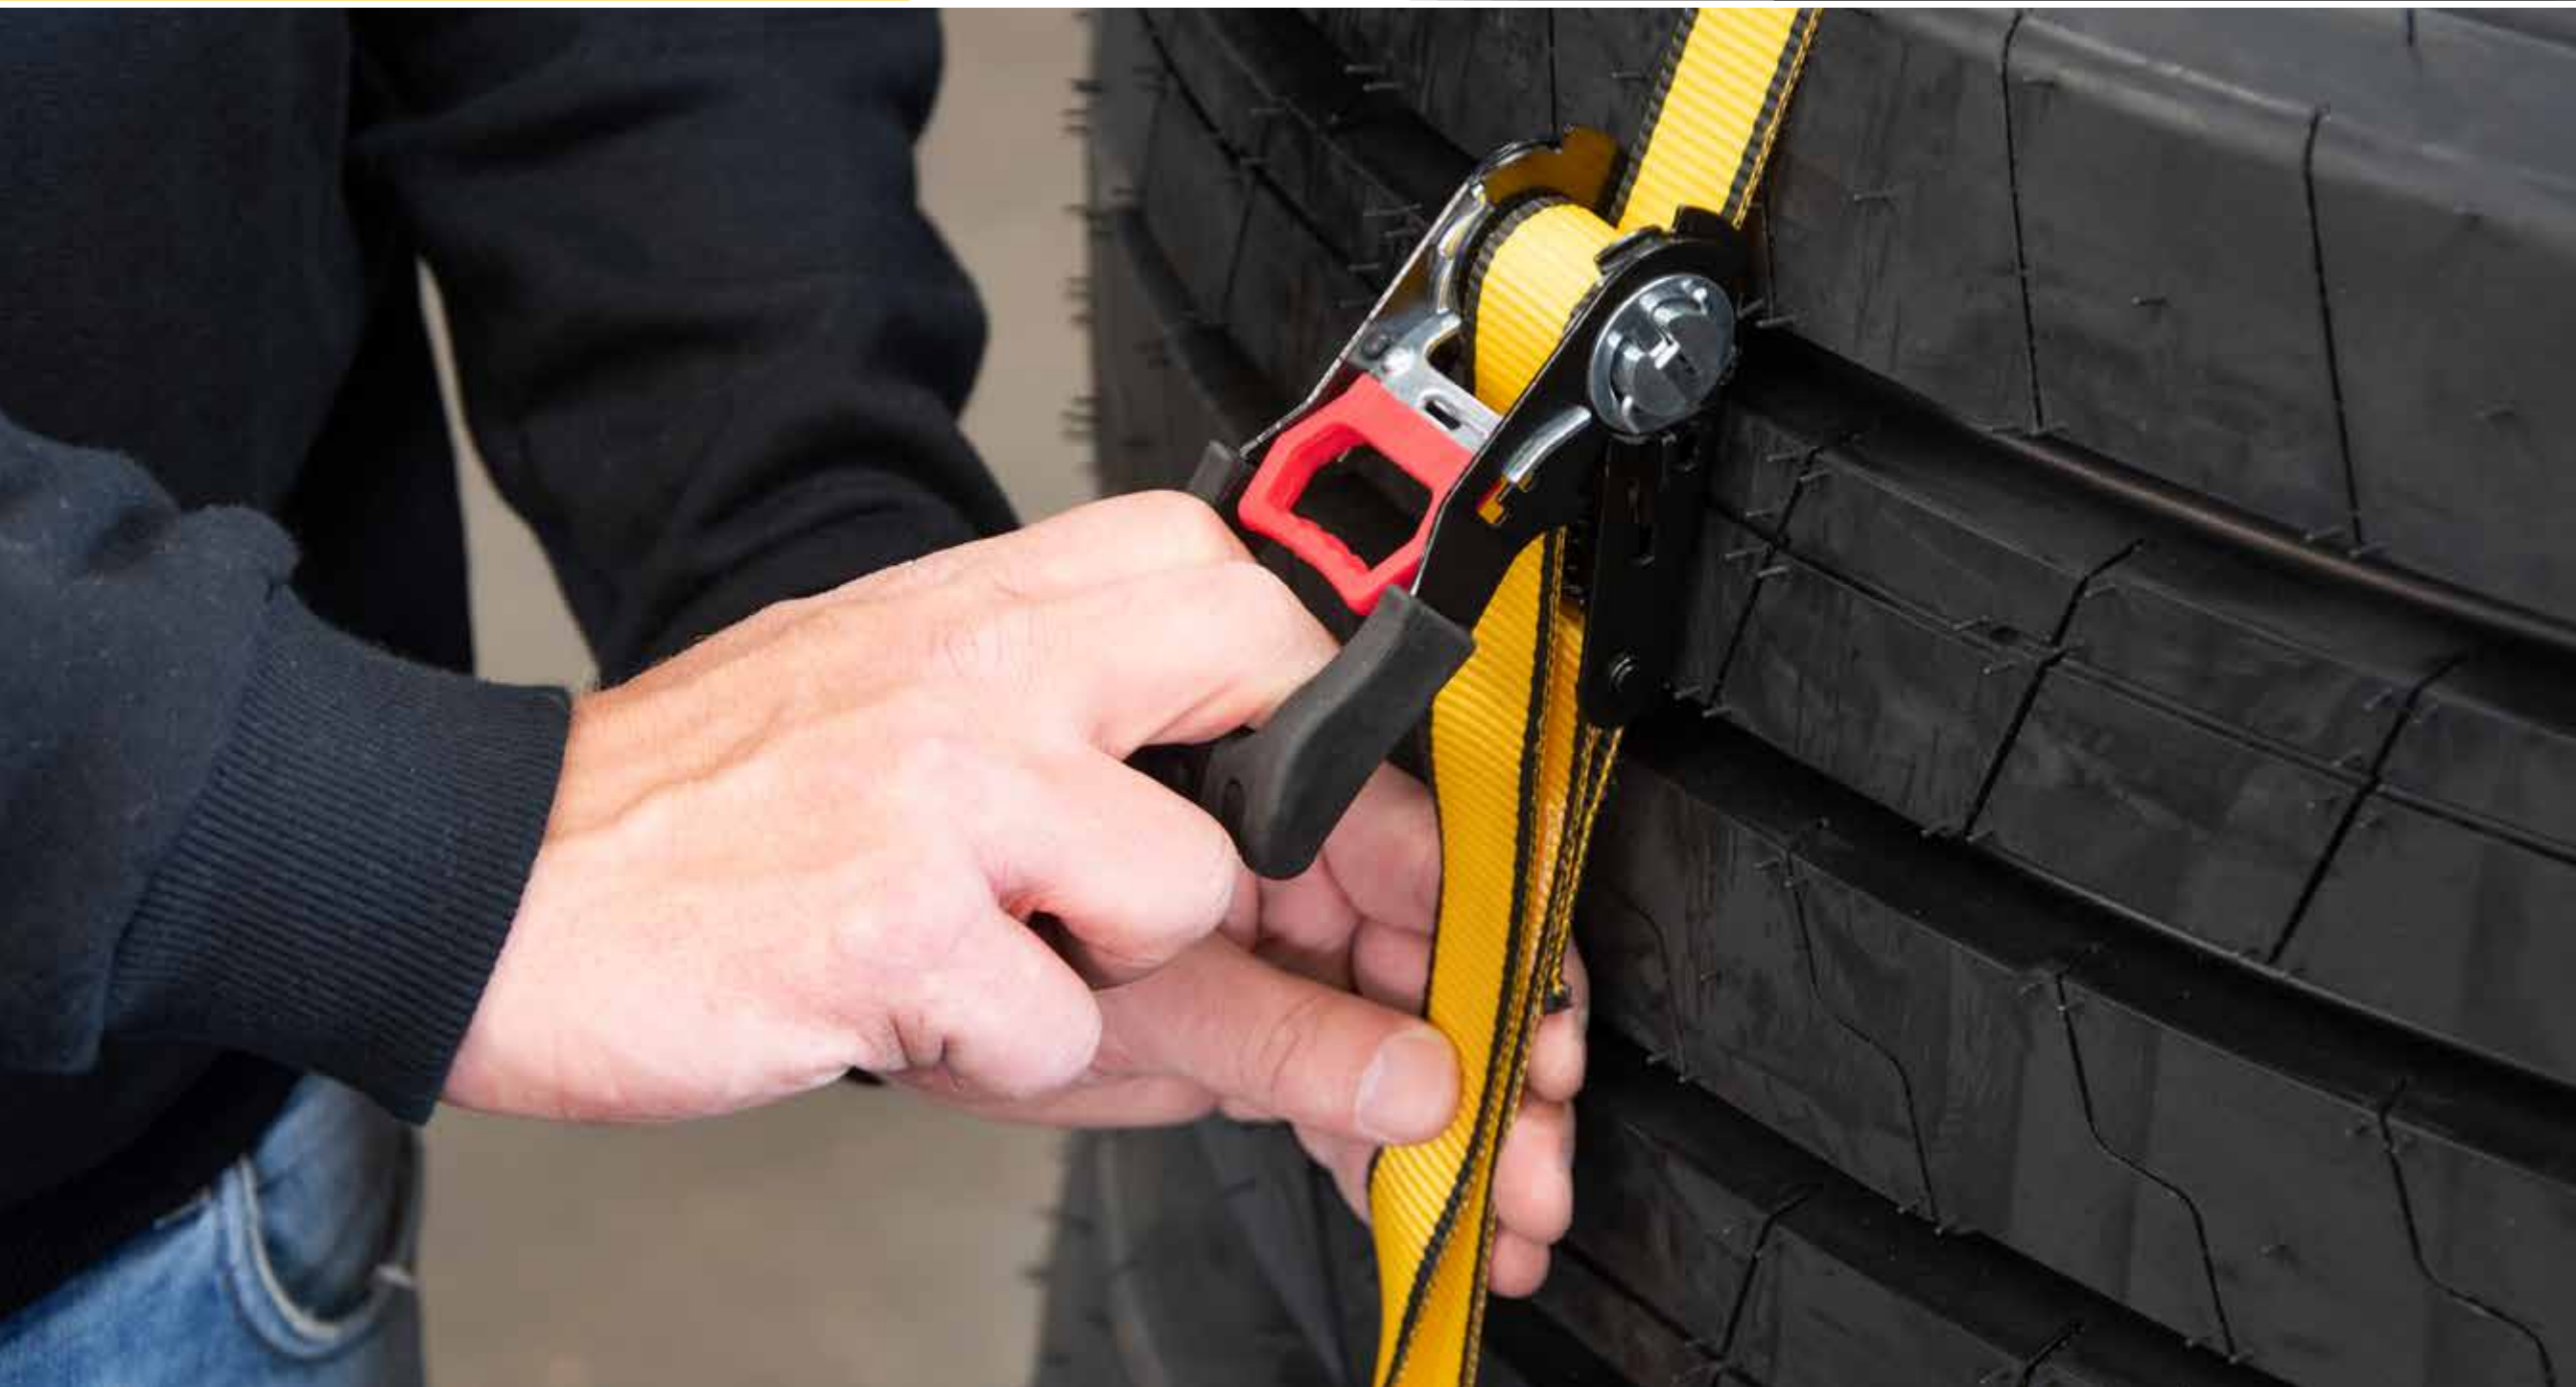

Dimensions: 20,5 x 19 x 28,6 cm

Weight: pr. pcs approx. 3,2 kg

Product features:

- » **GS Approved**
- » This Heavy Duty Cat 3-Ton Jack Stand has a metal plate connection in the bottom, which allows the jack stands to sit better leveled and adds rigidity and durability to the structure.
- The lift riser ratchets in place for a secure hold every time. These Jack Stands meet the ASMP/PALD standards for quality and function.
- The mold injected handle has a Cat logo stamp.

IF YOU DON'T WANT IT MOVE... STRAP IT!

▶ Tie Down Straps

Cat Heavy Duty Tie Down Straps, the ultimate solution for securing your cargo with unmatched reliability and convenience.

Our range offers three types of Straps: Stretch Cord Straps, Cam Buckle Straps and Ratchet Tie Down Straps, which by far are the strongest.

Both the Cam Buckle and Ratchet Tie Down Straps are extra wide with reinforced edges for added durability, providing a robust and dependable means of securing your cargo. The built-in PE-coated hooks are designed to prevent scratches or damage to both your cargo and your vehicle, ensuring a worry-free transport experience.

These straps are perfect for a wide range of applications, and you can travel with confidence, knowing that your cargo is securely fastened every time.

The oversize rubber coated ratchet handle or the comfort, rubber thump grip on the cam buckle are not only ergonomic and comfortable but also provides non-slip gripping action, giving you complete control over the tightening process. With a quick-release feature the these Straps offer rapid and effortless unloading, saving you valuable time and effort.

- » All straps stored in a practical jar
 - » J Hook With Cat logo + Safety Finger Hook

Securing your cargo while on the move is critical for safety and peace of mind. Whether you have one item or several, the various lengths of these Stretch Cords will have the right size bungee strap to secure your payload on or outside your vehicle, motorcycle, boat, or other applications.

The innovative flat 18 mm wide bungee strap elastic surface area is specially designed to distribute retaining pressure evenly across your cargo. This prevents denting or cutting into objects and expensive equipment while still securely holding the cargo.

The plastic-coated steel hooks designed to prevent movement also protect your vehicle, motorcycle, or boat at attachment points. While the included finger hook safely maximizes your pull strength to confidently secure your payload. The bungees are UV and weather resistant allowing for a long outdoor life.
