CATERPILLAR STANDS FOR RELIABILITY, QUALITY, DURABILITY, AND TECHNOLOGY

For more than 90 years, Caterpillar Inc. has been making sustainable progress possible and driving positive change on every continent. Today, Caterpillar is the world's leading manufacturer of construction and mining equipment, diesel and natural gas engines, industrial gas turbines and diesel-electric locomotives. Caterpillar Inc. is ranked among the world's 100 Top Brands.

The high standards and integrity of Caterpillar Inc. are component parts of its history, and its most valuable possession. Besides becoming an industrial leader, Caterpillar launched a merchandise licensing program which covers a carefully controlled and selected range of lifestyle products.

Cat® timekeeping equipment

Caterpillar develops innovative and highly technological products. The same principles apply to the stylish Cat timekeeping equipment products for active people. Constructed from the highest quality materials, Cat watches are developed to meet stringent requirements, without compromises. Each Cat watch encompasses cutting edge design and high functionality to offer a solid performance in a variety of active situations. Cat watches offer a fitting timekeeper for the adventurous person, with great emphasis being attached to the casual and powerful design of the watch and the philosophy behind the Cat brand.
